

Exception Reporting

This Exceptions Report shows patients who have previously been excepted. You can use it to target the patients again.

1. Login to Vision. From the Windows Notification Area, right click on the Vision+ Icon  and select **Practice Reports**.

Accessing Vision+ Practice Reports

 **Note** - To access Practice Reports, you must not have a patient selected in Consultation Manager else the patient-specific menu displays.

2. Select **Exceptions**.

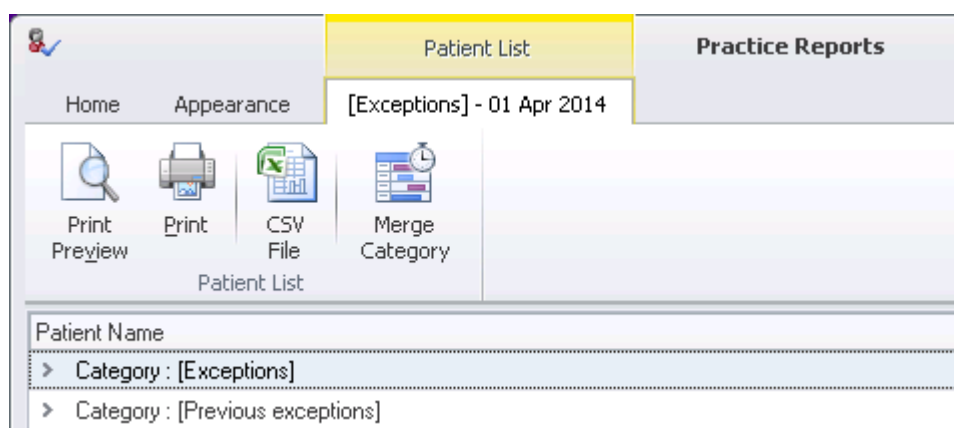

QOF Version 30 [Scotland]

Exceptions

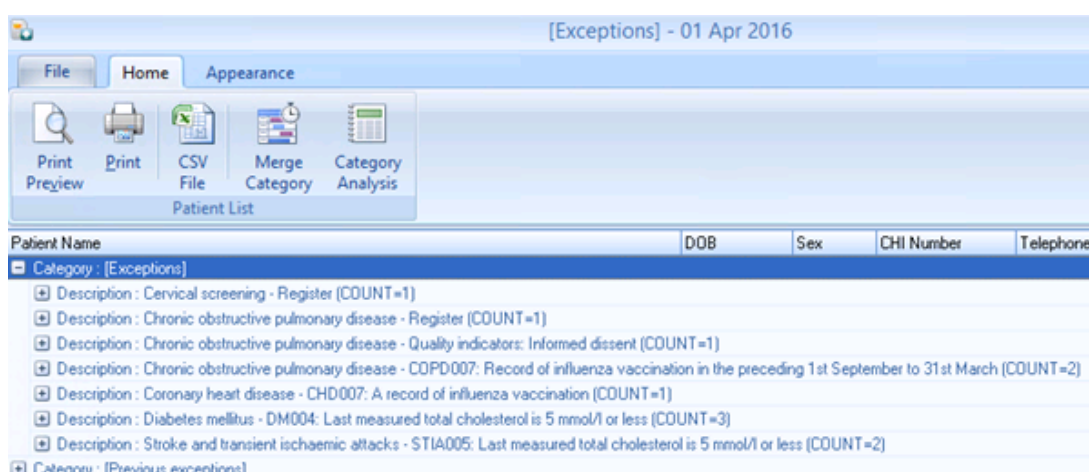

3. The two choices available are:
 - **Exceptions** - Current QOF year exceptions.

- **Previous Exceptions** - Exceptions recorded in the previous QOF years which have expired.

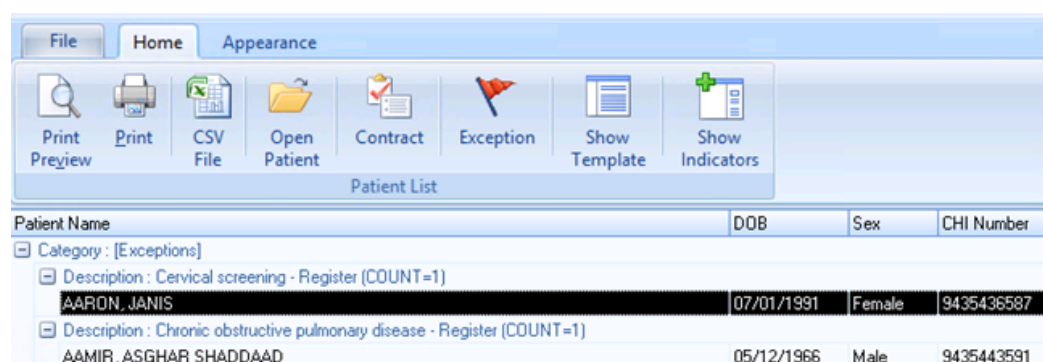

Exception Reports

4. Click on the category to expand it.
5. Only the exception codes used are listed alphabetically along with the patient count.

Exception code list

6. You can use the standard Toolbar options, to print lists, export or merge.
7. Alternatively, you can double click on the Exception line to view the patients and add or lookup relevant data using the Toolbar.
